

The 2010 Course in Operative Paediatric Urology and Symposium

8th - 9th July 2010

Weetwood Hall Hotel,
Leeds, UK

The 2010 Course in Operative Paediatric Urology and Symposium

8th and 9th July 2010, Leeds, UK

Dear friends and colleagues,

We are organising the 4th Leeds COPU course along with a symposium in July 2010. From, past experience, Leeds COPU has been a very successful course with positive feedback renowned for its friendly and easy approach that is conducive to learning.

This year is special in that Prof. David Thomas has announced his retirement after a long and successful career spanning 28 years in Leeds. That is why the 2nd day of the course has been earmarked to celebrate his career in Leeds with a symposium on transitional Paediatric Urology, looking at what we have achieved in the last 25 years and what's on the horizon looking ahead.

The dinner on the evening of 8th July is to celebrate and have a meal with David and I am sure a number of you would want to join me in wishing him well, post retirement. For those who wish to stay overnight, Weetwood Hall have accommodation available at reasonable rates for delegates.

The first day will be the course where we will restrict the number of participants to 50 people so as to allow small group teaching which is very effective and less intimidating for interactive discussion. We hope to focus on the indications, contraindications, consent, technical details and complications of various procedures in paediatric urology.

The symposium on day two will focus on the bladder with topics including its function, dysfunction, aspects of reconstructive surgery, minimally invasive approach to the bladder and basic research including tissue engineering of the urothelium.

The educational days will attract CME credits for those who need it. I hope to see you all in Leeds to mark this special celebratory occasion and David would particularly like his ex trainees and everybody else who has worked with him over the years to come to this event.

Best wishes,

Ramnath Subramaniam

Organising Chairman, Leeds COPU

The 2010 Course in Operative Paediatric Urology and Symposium

8th and 9th July 2010, Leeds, UK

Faculty

International & National:

Dr. Tony Caldamone, Brown University, Providence, USA
